

Update for Schools, Academies and Colleges

The Prime Minister announced that all secondary schools and colleges can return in a limited capacity from 15 June. This is dependent upon the five tests the government set out being met and the College being Covid Secure. The health and safety of our students and staff remain our main priority. The College is preparing for a phased return including a detailed risk assessment which will be available on the College website once complete.

We are currently looking at the enrolment process for September starts and will update you as soon as we have the information available. Please be assured that places are secure for any students who have been given a provisional offer/accepted an offer for September.

We are still accepting and processing new applications. Information about the College and how to apply can be found here: <https://www.lcb.ac.uk/virtual-open-event/>

Please note that Leeds College of Building will not physically re-open until it is safe to do so and this will be a gradual and phased return with significant social distancing measures in place which must be adhered to.

Leeds College of Building would like to thank you all for your understanding and engagement over the last few months.
